Memorandum for Mr. Pfeiffer from Mr. Studer

Hall matter

It has been suggested that an ex-trooper or a trooper named O'Donnell or O'Connell now living in Vine-land knows something regarding the Mannion matter which may be helpful to us, but he is not altogether reliable. There is also an ex-trooper in California whose name I haven't at this time, but which I can get, who has information regarding the same matter and he is supposed to be entirely reliable.
